HAKINS CORPES

This letter is for the Hon Judge Joseph Laman Jr
in the above caption number and motion.
I am not submitting an argument, ^{OR} Citing cases
or making a claim, so therefore I believe I should
not have to serve this letter upon the States
District Attorney - Mr Gregory Smith in this case.
"I just want to ask the proceeding Judge
over this case a question. In July 2004
I filed a Hakins Corpes in this Honorable
Court. Several days later I filed a
Memorandum in support of my Hakins Corpes,
in October 2004 the State Responded, as to
why my Hakins Relief should fail.
I requested to have my medical added to
my Hakins Corpes which was denied in December 2004
because medical is not cognizable in federal Hakins
proceeding. - I also made a request for Counsel
which was denied without prejudice on March 16th 2005
because this Honorable Court stated that
Pro Se litigant has no automatic Constitutional
or Statutory Right to Representation in this
Federal habeas proceeding. As of April 2005
my Hakins Corpes and my Memorandum to
support my Hakins Corpes has been currently
Active in this Court about 9 months now,
